The Zambakari Advisory provides sustainable solutions to complex problems facing societies around the world in the areas of peace, security and economic development through in-depth research. The Advisory collects and analyzes data and strategic intelligence to equip industry senior leadership with tools and insights that can help them operate in increasingly complex environments. By leveraging the knowledge and talents of local and international subject matter experts, The Advisory delivers incisive, invigorating and tailored solutions that address the specific needs of our clients.

SERVICES & COMPLETED PROJECTS

Socio-Political Analysis & Strategic Intelligence
Policy-makers, government agencies and law enforcement officials need customized trainings that provide evidence-based analysis on significant political events, factors of instability, and strategies for working closely with communities to reduce threats. We use classified data to provide unique insights on national and transnational dynamics that are grounded in culturally relevant contexts to minimize uncertainties related to social and political events.

- Somalia in the Age of The War on Terror: An Analysis of Violent Events and U.S. Covert Operations, 2017
- China’s Influence in South Sudan: Prospects and Challenges, 2017

Research Design, Risk Assessment, & Program Evaluation
Research design, sampling methodology, instrument development, and quantitative and qualitative methods are key for risk assessment and program evaluation. We use advanced statistical analysis to customize research implementation and add value to our clients’ operations. We also offer trainings on successful design of research programs, and how to create data-driven policy and practice.

- The Role of the UN Mission in South Sudan (UNMISS) in Protecting Civilians, 2017
- An Analysis of Political Violence in South Sudan, 2011-2016

Political Transitions Advisory Services
We offer technical capacity building relating to constitutional processes, rule of law, legal oversight instruments, and security systems reform to support our clients involved in peace processes and political transitions in Africa and the Middle East.

- Political drivers of violence and challenge of democratic nation building, 2013.

Business Expansion, Forecasting & Auditing
We customize corporate and treasury solutions to support our clients in the effective expansion of their operations in Africa and the Middle East. Our teams of consultants work for the improvement of business practices in the specific context of the region, specifically: market analyses, strategic consulting on market penetration, treasury management, cash forecasting, cost-control, compliance, internal audit, process audit, and enhanced relationships with trading partners.
